Practice Standards for Restricted LXMO in a Chiropractic Setting only

Restricted Scope for ND LXMO Licensed Certified Clinical Chiropractic Assistant

North Dakota Limited X-Ray Machine Operators (LXMO) licensed certified clinical chiropractic assistant (CCCA) are RESTRICTED in scope of practice to only those procedures approved by the board practicing in a chiropractic setting. LXMO CCCAs may not perform fluoroscopic procedures or administer contrast media or radiopharmaceuticals.

Specific procedures or examinations that are allowed in the restricted scope of practice for a ND LXMO licensed CCCA include the following:

Ribs:	AP/PA, obliques
Hand:	PA, lateral, oblique
Fingers:	PA, lateral, oblique
Wrist:	PA, lateral, oblique
Forearm:	AP, lateral
Elbow:	AP, lateral
Humerus:	AP, lateral
Shoulder:	AP, internal and external rotation, y-view
Pelvis:	AP
Hips:	AP, frog-leg lateral
Femur:	AP, lateral
Knee:	AP, lateral
Tibia-fibula:	AP, lateral
Ankle:	AP, lateral, oblique(s)
Foot:	AP, lateral, oblique(s)
C-spine: *NO oblique views permitted	AP, lateral, odontoid (non-trauma), or possible swimmer's (non-trauma)
T-spine:	AP, lateral, or possible swimmer's (non-trauma)
L-spine: *NO oblique views permitted	AP, lateral, L5-S1 (cone down)

Any other procedures/examinations or views required and not part of the above RESTRICTED scope of practice of a ND CCCA LXMO must be performed by the ND Licensed Chiropractor themselves.
